death. There was not a sign of life. Every man had perished, they believed, although it will be early in the morning before all the bodies can be recovered. Eight bodies were first recovered, and these were sent to Coal Creek. Twenty-six were soon found. They were not distinguished beyond identification, and each corpse was borne from the mouth of the great tomb, was surrounded by eager crowds of relatives of the men who had been stricken down. The mine was not on fire except in remote portions, and all the bodies will perhaps be reached before daylight.

VIOLENT VOLCANO. Mont Pelee Again Lets Loose. Rescue Parties Routed from St. Pierre. Futile Attempts to Recover Bodies of Consuls. Famine and Disease Rack St. Vincent—Funeral Pyres Light Island.

again. No attempt will be made to rebuild what was less than two weeks ago the most beautiful and picturesque city in the West Indies.

TERRIBLE CONDITION OF AFFAIRS DUE TO VOLCANO.

Eruptions of La Soufriere have ceased, but the island is a pestilential waste—noxious vapors wafted on torrid winds breed disease.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 19.—(Exclusive Dispatch.) The steamship company at St. Kitts, B. W. L., called today as follows:

As the full extent of the disaster worked in St. Vincent by the explosion of La Soufriere became known, the horror is increased. The conditions there grow worse day by day, notwithstanding the fact that the volcano apparently has returned to a state of passivity.

The island is famine-stricken, notwithstanding the fact that supplies have been sent in from all other British West Indian islands.

Disease has appeared, and there are not enough physicians present to give the required relief.

Life in St. Vincent is made almost impossible by the sickening stench that gives the entire island a resemblance to a neglected shambles. Everywhere noxious vapors are wafted by torrid winds, that seem to be not in the least tempered by the surrounding waters. These conditions are bad enough in the southern part of the island, and about Kingstown, but they are multiplied a thousand times in the Carib country about Soufriere and at Georgetown.

Under the direction of the government interment has been given to 1500 bodies, but other hundreds lie decomposing under the tropical sun. The official estimate of the victims of the volcano has now been increased to 2200. That means that at least 400 bodies are unburied.

But that is the least of the trouble. Thus far no laborers have been made to do more than care for the living and bury the dead. All about are dead cattle, polluting the atmosphere, which already is heavily laden with disease. In one of the ravines near Moray, Garou the bodies of eighty-seven Carib Indians were found heaped together. Not far away are the carcasses of hundreds of cattle.

Now it has been ordered that these menaces to life be removed. Quicklime is being used to destroy the bodies. Fires are burning over the district which was laid waste by La Soufriere, and in these fires are being thrown the carcasses of dead cattle.

The eruptions have ceased. La Soufriere is as quiet as it was before the explosions of ten days ago. Arrangements are being made for an expedition of the new crater. Local scientists believe that the forces which were pent up within the earth have been so relieved that there is no longer danger of eruptions and refugees in Georgetown and in Kingstown are being encouraged to return to their homes in the country.

Above La Soufriere hangs a cloud of sulphurous gas, but the rumblings have entirely ceased, and no ashes or lava have been put forth for four days.

It has been estimated by the government that the losses from the destruction of produce, growing crops and the stock will aggregate \$200,000. There will be no sugar or arrowroot produced in the island this year.

In the hospitals there are now 140 patients, suffering from burns and the effect of inhaling suffocating gases. Supplies are being given out daily to more than four thousand refugees.

It is planned that government loans will be made to such as are able to resume work upon estates, and as soon as possible the island will be returned to a self-supporting state. It is not desired that the indefatigable work of recovering the bodies of the family of Thomas T. Prentiss, the late United States Consul at that place, who was killed in the disaster. The interment of the remains will take place here and will be conducted with military honors. The indefatigable brought 120 tons of supplies.

There was another eruption from Mont Pelee yesterday. Ashes fell here. The volcano is still violently smoking, and there are no signs of its ceasing.

The United States cruiser Cincinnati and the United States government tug Potomac will be stationed here indefinitely.

The Potomac will shortly go to the island of Gaudis to bring to this the furniture, books, etc., of the office of the United States Consul there, Louis H. Ayne.

VISIT TO THE CRATER.

TWO MEN PEER INTO VOLCANO.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 19.—(Exclusive Dispatch.) The World's correspondent at Dominica, B. W. L., called today as follows:

Mayor Ferdinand Clerc, a man who witnessed the destruction of St. Pierre from Morne Rouge and who narrowly escaped from the doomed city with his family, only an hour before it was destroyed, succeeded Saturday in reaching the mouth of the crater on Mont Pelee. Engineer De Chancel accompanied him with scientific instruments.

They returned safely from their perilous trip and Mr. Clerc said the crater is on the windward side of the island nearest St. Pierre. It is crescent-shaped and measures 1175 feet, or about a quarter of a mile in circumference.

The lake at the mouth of the crater has disappeared. They saw no lava, but small fissures were emitting vapor 1500 feet below the crater. Upon reaching the top the two men were shocked by the top of the mountain, but persisted in their investigations of the crater.

Reports from the interior of the island say that a severe earthquake shock on Saturday night drove the people out of the town of Presnere and two other small villages lying to the northeast of St. Pierre.

St. Pierre will never be inhabited

SODOM IS REDEEMED. Reform Victory at San Jose. Overwhelming Defeat of Machine Push. Repudiation of Gov. Gage and His Henchmen. Emancipation of City from Boss Rule That So Long Disgraced It.

SAN JOSE, Cal., May 19, 1902. Gen. Harrison Gray Otis, Los Angeles, Cal.: God reigns and San Jose is redeemed. MacKenzie is overwhelmingly defeated.

HENRY E. MILLER, Author of Sodom Letter. SIGNIFICANT RESULT.

(BY DIRECT WIRE TO THE TIMES.) SAN JOSE, May 19.—(Exclusive Dispatch.) Tonight Boss Otis was defeated after the most exciting political campaign, and his defeat means the overthrow of the Gage forces and the practical collapse of his strength. The victory has been won by the Republican party of San Jose, headed by George D. Worwick, elected Mayor by over 300 majority.

This victory is potent with significance. It means the complete defeat of the forces of J. D. MacKenzie, the repudiation of Gov. Gage, and the emancipation of the city from boss rule. It practically decides the fight here in the fall. Although beaten by a small majority, it will be impossible for MacKenzie to gather his scattered forces to make a stand for Gage in the fall.

MacKenzie has been beaten in his stronghold, the city. Had he won here he would have stood a chance to carry the county. If he had won here, he would have stood a chance to carry the county. If he had won here, he would have stood a chance to carry the county.

As soon as it was known that the anti-Gage ticket had won the town went wild. A procession of excited citizens formed and marched to the home of Mayor-elect Worwick, who greeted them with a speech. Never has victory been hailed with so much pleasure.

MACHINE OVERTHROWN.

(BY DIRECT WIRE TO THE TIMES.) SAN JOSE, May 19.—(Exclusive Dispatch.) After the hardest and in some respects the most bitter municipal campaign ever known in San Jose, the Citizens, or reform, ticket has won a convincing victory. The result is a complete overthrow of the political power that has existed here for years, and the defeat of Johnnie MacKenzie and the local "machine."

The result is significant, in that it has been conceded throughout the campaign that should the machine win, it would mean the end of the machine. The local politics made in the campaign have been that that "machine" should be absolutely eliminated, putting its boss into office without regard to their unworthiness and unfitness. It was also charged that public moneys were wasted and not honestly expended. The citizens have never been so aroused, and when the result was known tonight, the streets were packed with thousands who paraded them for hours, led by a band.

George D. Worwick, the Mayor-elect, and others elected today were serenaded. The only man defeated on the reform ticket was W. F. Blakeslee, for Treasurer, who was defeated by T. J. McGeoghegan by a small majority. Worwick's majority for Mayor is 313. The others elected are: J. A. Bell, City Clerk; H. D. Mathews, Patrick Murray and A. L. Hubbard for Councilmen. Their majorities range from 120 to 400. The total vote cast is about 4800, out of 5150 registered.

While there was much feeling, there was no disturbance during the election. While Johnnie MacKenzie was the leader of the fight in behalf of the "machine," E. A. Hayes and J. O. Hayes, with their papers, the Mercury and Herald, were the recognized leaders of the fight for reform.

DIDN'T ORDER WATER CURE.

Gov. Hughes Resents the Imputation.

Corp. O'Brien's Reckless Testimony.

Made Serious Charges Against Officers Under Whom He Formerly Served.

BY THE NEW ASSOCIATED PRESS-P.M.I. WASHINGTON, May 19.—Former Corp. Richard O'Brien of North Adams, Mass., thirty-sixth Volunteer, who served in the Philippines for eighteen months, was before the Senate Committee on the Philippines today. Before O'Brien took the witness stand, Chairman Lodge laid before the committee a letter from Gen. R. F. Hughes, enclosing a letter from Senator Culberson of the committee to Capt. V. H. Bridgman of Baltimore, and a reply to that letter.

In his letter Senator Culberson said he had been informed that Capt. Bridgman could give testimony of having heard Gen. Hughes and other officers give orders for the administration of the water cure. Capt. Bridgman's reply contained a denial of this report.

GEN. HUGHES'S REPLY. Gen. Hughes, in his letter, said that if there was to be an investigation it should be thorough, and he inclosed a roster of the officers in his command, whom he said he would like to have summoned if his conduct was to be inquired into. Gen. Hughes, in his letter, said:

"I presume there were about 25,000 troops in my command, first and last, and I am certain that not one of them can truthfully assert that I ever commanded, verbally or in writing, directly or indirectly, by sign or signal, authorized, instructed or ordered any of them to use the water cure in any form or any character whatever."

Sensor Patterson read a letter from W. E. Smith of Boston, concerning the letter of a son of the Rev. Mr. Walker, serving in the Philippines, in which it was stated that he had witnessed details of the killing of 1000 Filipinos. Mr. Smith said that notwithstanding his denial, there was in his conduct and statements justification for the newspaper report.

O'BRIEN'S CHARGES. Witness O'Brien said he had been present at Ibarra when the water cure was administered to the President of that town, and then made a charge of a serious nature against the American officers there.

"There was," said he, "a Spanish woman in the town—a woman of education—who was violated by the American officers."

This statement was made without any questioning, and as soon as the witness had made it Senator Lodge asked for the names of the officers. These, the witness said, he could not give, adding that he had not witnessed the incident, but that the woman's husband was his authority for the statement.

Senator Hawley and Senator Patterson objected to the testimony as mere hearsay and urged that it should not go into the record.

BACCHANALIAN REVELS. The witnesses were then asked if he could not give further proof of the correctness of his charge. In response he related another incident of disorderly conduct, which he said had come under his own observation. This occurred at San Joaquin, the president of which place gave a reception to which a number of native women were invited from Iloilo.

"They were," he said, "above the average, not peasant women."

Among those present were Capt. McDonald, Lieut. Plumber of Co. M, and Maj. Cook. The witness said that the women became intoxicated and while in that condition threw off all their clothes except their corsets and trousers, and catching the women about the waist, insisted on their waiting with him, much to the disgust of the women.

Further questioning brought out the fact that O'Brien had not been on good terms with Capt. McDonald. This was due, he said, to the fact that McDonald had failed to issue the ration card to him, and that he had no proof, that the officer had sold the rations which should have been issued to him. He said that they had met only twice during the eighteen months of his stay in the Philippines.

He went on to say that there was a price on the captain's head, offered by the insurgents, because of his officers' cruelties. Witness had seen him strike a Filipino prisoner over the head with a revolver, and said that the water cure was administered to the same prisoner after he had taken the oath of allegiance.

PRODIGIOUS SLAUGHTER. O'Brien then related the particulars of the capture of the town of Lonaig in the province of Pampanga, a detachment from a company of which he was a member. As the troops approached the town they saw at a distance a native boy on a carabao and one of the men fired a shot at him, but as his bullet failed to hit its mark others also fired, himself included. At first the witness said he had fired in obedience to orders and then said that there had been no orders to fire.

"I can't tell you I fired," he added, when pressed. "All fired."

"Brought the people to their doors, and among those who came out was an old man who was shot in the abdomen and afterward died. Later, while the firing was in progress two other old men between the ages of 50 and 70, I should say, came out toward us; they had in hand and were bearing a white flag. Both were shot down, and the sergeant reported to Capt. McDonald that he had killed two more 'niggers.' Another case was that of a woman and two children, one in her arms, who were killed and then burned up in their house."

O'Brien said that when a company was out marching single file at night in the mountains, the order came back along the line to take no prisoners, but he did not know who issued the order. In case there was fighting the natives either fled or were killed.

The witness also told of the execution of the bandit Pedro Gargano, at the town of Guima, for which he said McDonald was tried by court-martial. He said it was common talk that before Gargano was killed he was struck on the back of the head with a bolo.

The witness said it was "unwritten law" that there take no prisoners."

DUM-DUM BULLETS USED. He said dum-dum bullets were issued

NO CHANGE IN SITUATION.

Miners' Strike Without Developments.

Foreigners Return to Native Countries.

Mitchell Shows Skill in Avoiding Explicit Answers to Questions.

BY THE NEW ASSOCIATED PRESS-P.M.I. WILKESBARRE (Pa.) May 19.—President John Mitchell of the United Mine Workers of America arrived here from Harrison shortly after 9 o'clock tonight, and established strike headquarters at the Hotel Hart. The national president stated that so far as the "miners' side of the controversy" was concerned the situation had not changed in the least.

Mitchell's attention was called to the fact that the city of Philadelphia had contracted for a supply of bituminous coal to be delivered to the city, which had been cut off by the railroad companies furnishing it. In reply to a question as to whether the mine workers would attempt to prevent the shipment of soft coal to places where hard coal is used, he said:

"Considering the proposition in a general way, I will say that we do not desire to make any city a victim, or have any person suffer because of our quarrel with the coal companies."

He was pressed for a more explicit statement, but refused to go in that direction, except to say that it was a matter which would be decided by the three executive boards of the anthracite fields.

Two carloads of foreigners left the city tonight. Most of them were booked for New York. Most of the foreigners will seek work in the bituminous regions.

NO SIGNS OF TROUBLE. HAZELTON (Pa.) May 19.—The second week of the total suspension of hard-coal mining as a result of the deadlock between miners and mine owners began today without the faintest ripple of trouble to disturb the calmness of the situation.

SAVED FROM DISRUPTION. BY THE NEW ASSOCIATED PRESS-P.M.I. CHICAGO, May 19.—A movement to disrupt the American Federation of Labor, begun by the Chicago Federation of Labor, has not been countenanced by the local body, and compromise has been advised.

THE ATTACK ON THE NATIONAL BODY came up in a recommendation by the Executive Committee, providing for a charter to the Chicago body.

After considerable debate, a proposition was adopted providing for the importance of the affair.

Return to Work. DENISON (Texas) May 19.—The strike of the Denison yard men of the Missouri, Kansas and Texas Railroad ended today. The men returned to work under the conditions prevailing when they went out, and S. H. Warner assumed the duties of night yardmaster.

Granted an Increase. OREGON CITY (Or.) May 19.—The woolen mills strike was settled today. The strikers got an increase of \$2.00 on the yearly pay roll. Both sides made concessions from their original demands. The result is considered a partial victory for the strikers.

Machinists on Strike. DALLAS (Tex.) May 19.—The machinists on the entire Texas-Pacific system struck today for shorter hours.

Fatal Gasoline Explosion. PITTSBURGH (Pa.) May 19.—Adama Gripp, aged 18, is reported dead and eight persons injured as a result of the explosion of a tank of gasoline today at Winneago street. The injured were all badly burned, and several are in a serious condition.

MEN OF GALWAY FIGHT. DUBLIN, May 19.—A court election contest at Galway led to a series of severe fights there yesterday. Lord Morris of Killarney personally led his supporters against the Nationalist opponents. A dozen men were wounded, some of them sustaining serious injuries.

KEEPS MILITIA ON GUARD. ATLANTA (Ga.) May 19.—Gov. Chandler said today that he would keep the militia on duty at Pittsburg, the scene of Saturday's fight between negroes and white officers, for some time.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 19.—[Exclusive Dispatch.] Chicago started out to make a hot-wave record today. The mercury started at 72 at 6 o'clock and at 1 had reached 84. Then the wind shifted to the east and pushed the mark down to 74. Without the breeze from over the lake, the day would have been a torrid one, as all the conditions were favorable. The humidity ranged from 71 to 75 per cent. Southerly winds and a hot wave are predicted for tomorrow.

NEW SMALLPOX CASES. Nine new smallpox cases were reported to the Health Department today. The continuance of the ravages of the disease among colored people gives the officials great anxiety. Every means possible to compel persons employing colored assistants to have them vaccinated are being taken.

ROTHSCHILD SELLS OUT. A. M. Rothschild has sold to his father-in-law, Nelson Morris, his share in the big department store bearing his name. Mr. Rothschild will retire from active business life. He left the city Saturday and will spend the next three months seeking rest. The sale makes Mr. Morris sole owner of the store.

BUTTER TRUST. Armour, Swift and other Chicago meat packers are declared by a Washington dispatch to have formed a butter trust, and as a result it is said the price of butter will be advanced 4 cents a pound all over the country on the date the oleomargarine bill goes into effect, July 1. According to the dispatch contracts are being made with leading creameries by which the packers will practically control the supply.

Armour, Swift and other Chicago meat packers are declared by a Washington dispatch to have formed a butter trust, and as a result it is said the price of butter will be advanced 4 cents a pound all over the country on the date the oleomargarine bill goes into effect, July 1. According to the dispatch contracts are being made with leading creameries by which the packers will practically control the supply.

BACK FROM CALIFORNIA. Mrs. Fernando Jones returned from California yesterday. Graham Jones, who went west with his mother, has

SALES TAXES RAISED. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL (Minn.) May 19.—[Exclusive Dispatch.] The State Board of Control today advanced the salaries of all state employees 10 per cent, because of the increased cost of living since the beef packers advanced the price of meat. There was no demand on the part of the employees for this increase. The additional cost to the state will exceed \$40,000 per annum.

COAST RECORD.
(CONTINUED FROM FIRST PAGE.)

Backus and his crew that the birds failed to live. The man who gave the birds into the care of the Parrott's captain at Newcastle had obtained them from a point far in the interior of Australia, and prized them highly, for they were not only attractive, but smart. He told the captain they would eat "any old thing." This was found to be an error, for the choicest victuals were scorned by the birds. Finally the mate remembered that eagles are not satisfied with their food unless they kill it themselves. On the following day the big eagles had worked up a healthy appetite. A huge shark was caught, and upon this the birds gorged themselves. No more sharks could be caught, and the eagles gave up the ghost within a day of each other, and went overboard to the sharks.

Capt. Backus says that had it not been for a vessel on the ship, the eagles could have had rat meat enough to last them to the Golden Gate. The vessel had been taken along to catch rats, and worked full hours up to the time the rodents were needed for the birds, when he was caged.

DEADEND RIDER.
DAMAGES FOR HIS DEATH.
BY THE NEW ASSOCIATED PRESS.—P.M.I. SAN FRANCISCO, May 19.—The United States Circuit Court of Appeals today affirmed the judgment of the lower court in the case of Louis H. Adams and Frank H. Adams against the Northern Pacific Railway Company for damages.

JEALOUSY CAUSED MURDER.
BY THE NEW ASSOCIATED PRESS.—P.M.I. PHOENIX (Ariz.), May 19.—Thomas Cordova shot and killed Blas Gillan Sunday night, while in bed, in a five-mile from Buckeye, an agricultural settlement, forty miles west of Phoenix. The killing was prompted by jealousy. A woman by whom Cordova has had several children was sent to an insane asylum several months ago, and on being released recently she began living with Gillan and was with him when the killing took place.

EARLY IN FIELD.
TULARE COUNTY DEMOCRATS.
BY THE NEW ASSOCIATED PRESS.—P.M.I. VISALIA, May 19.—The Tulare County Democratic Convention today made the following nominations: County Clerk, Eugene C. Brown; Recorder, J. A. McAdams; Sheriff, Benjamin Parker; Assessor, Arthur Crowley; Tax Collector, W. T. Ford; Treasurer, H. C. Newman; Superintendent of Schools, C. J. Walker. The convention unanimously endorsed E. C. Farnsworth for associate justice of the State Supreme Court.

BRIEF COAST DISPATCHES.
Stockman Badly Hurt.
REDDING, May 19.—While attempting to drive a team today, J. J. Brown, a stockman from Modoc county was thrown from the cart, striking his head on a tree, receiving injuries which will probably prove fatal.

Numerous Grain Vessels.
SAN FRANCISCO, May 19.—An unusually large number of grain and general cargo vessels are in the harbor at the present time. No less than thirty-five craft of various types, and rigs are in the stream, exclusive of the regular liners. Eleven deep-water ships are under way for foreign ports, representing a tonnage of 2,118; a like number of cargo are engaged for miscellaneous trade, while thirteen are disengaged. The tonnage of the latter class aggregates 5507, as against 1810 last year at this time.

Companions of the Forest.
SAN FRANCISCO, May 19.—The Supreme Grand Circle of the Companions of the Forest, Foresters of America, met today. Supreme Grand Circle Companion Mrs. L. G. Miller presiding. Committees were appointed and the reports of officers received. During the past year eight new circles were established and four suspended. A committee was appointed to prepare a plan by which the circles outside of California may have representation in the supreme body.

Runs Against Constitution.
SANTA ROSA, May 19.—Judge Dougherty this afternoon decided that the section of the city charter giving the Council power finally to determine upon election contents was unconstitutional. The point was raised by a demurrer as to whether the Superior Court had jurisdiction. The court overruled the demurrer.

Gale Rages at Monterey.
MONTEREY, May 19.—The worst gale known here in twenty years has prevailed for the past hour throughout this section, doing much damage. Hay and grain have been leveled to the ground in places. Several large oak and pine trees were uprooted at Pacific Grove yesterday afternoon. Practically no fish have been caught here since Friday, as the

hot stove, as the arm from the elbow to wrist was fearfully burned. While she lay prostrate, her son emptied the contents of a five-chambered revolver into her body. One shot entered her head above the left ear and one just below it, cutting the lobe. Another passed through the throat, severing both carotid veins; one entered the left elbow, while the last penetrated the right shoulder. The murderer must have been close to the victim's body, as when found her clothing was on fire, while the paper on the wall was heavily burned. The face of the victim was black from powder stains.

The jury returned a verdict charging John McCarthy with having been the cause of the death of his mother, Mrs. Honora McCarthy. The murdered woman was a native of Ireland, aged 60 years. She was charitable, and never known to be in trouble.

SCHMITZ LOSES.
COURT DECIDES AGAINST HIM.
BY THE NEW ASSOCIATED PRESS.—A.M.I. SAN FRANCISCO, May 19.—Judge M. C. Sloss today rendered a decision in the suit of Dr. J. M. Williamson against Mayor Eugene W. Schmitz, which will have the effect of continuing the old Board of Health in office. The decision does not go into the right of the Mayor to remove appointments on the city commission, but his ruling is a substantial victory for those who contend that officers under the charter cannot be dismissed without a trial.

Mayor Schmitz removed the old board from office on account of the actions of the board during the epidemic of the plague scare in this city last year, it being the opinion of Mayor Schmitz that the board exceeded its authority in promulgating a plague law. Under the ruling of Judge Sloss Mayor Schmitz will be forced to appeal to the Supreme Court for instructions in quo warranto.

Trouble Over Indemnity Due to Depreciation of Silver—Empress Dowager Decorates Several Officials and Missionaries—Rebellion in Chi Li.

PEKING, May 19.—[Exclusive Dispatch.] It is reported that the throne has committed Yuan Shih Kai and Hu Yu Pao, as directors-general of northern railways, to the board of punishment for signing an agreement with Great Britain by which British will not permit any other power to build railways within eighty miles of the Peking-Shan Hai Kwan line. The Russian and other ministers have strongly protested against this, as the agreement affects three-fourths of the province of Chi Li.

TROUBLE OVER INDEMNITY.
BY THE NEW ASSOCIATED PRESS.—P.M.I. PEKING, May 19.—[Exclusive Dispatch.] The ministers have agreed to a provision for the division of the indemnity and will meet on Tuesday next to formally confirm it. They will also consider the Chinese contention that, according to the terms of the protocol, the indemnity is a silver debt, payable in taels regardless of the depreciation of silver, a fall in which amounting to 15 per cent or more has alarmed the government. The ministers held that the debt is payable in gold. The minister's agreement consents to a pro rata reduction of the indemnity, provided all the powers submit their budgets or private claims by July. This is believed to be impossible, but no further action was taken.

MISSIONARIES DECORATED.
BY DIRECT WIRE TO THE TIMES.
TACOMA, May 19.—[Exclusive Dispatch.] Oriental advice states that the Empress Dowager of China has issued an edict granting the medals of the Order of the Dragon to certain officials and missionaries who have received decorations. Bishop Favier is promoted from the second to the first class, and the American missionaries retain their second buttons, getting a new feather. Other Catholic bishops in China were also honored. The only Protestant decorated was Rev. Frank A. Porter, of the American Mission. Several other Protestant missionaries have been recognized but they did not insist they wanted no buttons, feathers or badges.

The people of Canton have been much disturbed by reports that the salt sold throughout the city has been adulterated by a dangerous drug. This is believed to be the cause of the sickness from which many are suffering. Blind men have the monopoly of retailing salt throughout the city, and declare they cannot help it if the salt is bad. The Boxer element has circulated reports that foreigners are responsible for the sickness, and that the country is still feeling against Americans and Europeans in some quarters.

REBELLION IN SOUTH CHINA.
BY THE NEW ASSOCIATED PRESS.—P.M.I. PEKING, May 19.—The reports from the disturbed district of the province of Chi Li are conflicting. The foreign Office today notified the ministers that the uprising had been quelled, and that its leader, and most of his lieutenants, were captured. Foreigners in Pao Ting Fu, however, assert that the leader of the movement, and the country is still greatly excited.

The body and head of the priest recently murdered, have been recovered, and given to the mission for burial.

SPAIN'S CAVALIERS.
Young King Reviews Army and Is Greeted With Hearty Cheers as He Passes Along the Line.
BY THE NEW ASSOCIATED PRESS.—P.M.I. MADRID, May 19.—[By Atlantic Cable.] The entire population of Madrid seemed to have assembled this afternoon along the Plaza del Prado and the people of the city, in the grand square of Madrid, to witness the great military review.

King Alfonso, in the uniform of a colonel general, and mounted on a handsome bay charger, left the Palace at 4 o'clock in the afternoon. He was accompanied by Gen. Weyler, the Duke of Connaught, the representative of the King of Spain, and other distinguished representatives of Russia, and other princes and a suite of staff officers. His Majesty rode in the center of the column, the troops were drawn up. As the King passed down the line the soldiers saluted him with hearty cheers. He then took up a position at the side of the grand stand, where his mother and his wife, the Duchess of Alba, and a half. All the branches of the Spanish army were included in the procession.

On his way back to the palace, King Alfonso was greeted with hearty shouts from the people of "long live the king." Several thousand persons attended the reception at the Palace tonight.

Hale's
Good Goods
107-109 North Spring Street

Fashion Now Demands Women's Pajamas.
Never did the East give its approval so heartily to any new fashion. And it is not style alone that has made them so popular. Without a trial a woman can't realize the increased comfort of this new night apparel. As you would expect Hale's were the first to show them. They come in thin, silky fabrics, designed in the most bewitching, pretty styles. Prices are less than you could even expect.

Every Woman's Suit Reduced in Price.
Don't let any advertised prices tempt you into buying a suit until you have seen Hale's—then you are free to make comparisons. Hale's prices were so low in the first place that the splendid reductions make it easy for any woman to afford the prettiest kind of a costume. More than that, the very styles that have captured Philadelphia, Boston and New York are the ones shown here for your choosing. The suits include every new and popular material, every new and pretty style, best of workmanship, trimmings and linings. Every fit guaranteed; these reductions:

All \$10.00 tailored suits	\$8.00.
All \$15.00 tailored suits	\$11.00.
All \$20.00 tailored suits	\$14.00.
All \$25.00 tailored suits	\$19.00.
All \$30.00 tailored suits	\$23.00.

BONDS TAKE PLACE OF PREFERRED STOCK
STOCKHOLDERS OF THE UNITED STATES STEEL CORPORATION VOTE FOR PLAN
Big Commission to Be Paid to Manipulators of the Change
A Vignette But Little Profit on Part of Some Shareholders.

NEW YORK, May 19.—A special meeting of the stockholders of the United States Steel Corporation, held in Hoboken today, to consider the plan for the exchange of preferred stock for common stock, adopted by the corporation, was attended by a large number of shareholders. The plan, which was proposed by the board of directors, provides for the exchange of the corporation's preferred stock for common stock at a rate of \$100 of preferred stock for \$100 of common stock. The plan also provides for the payment of a commission of 10 per cent on the amount of the exchange to the manipulators of the change. The plan was adopted by a vote of 100,000,000 to 10,000,000.

EPISCOPAL INSTITUTE.
Sunday-school Workers of Local Diocese.
Interesting Discussions at Annual Meeting.

The annual Sunday-school institute of the Episcopal diocese of Southern California was held at St. Paul's Protestant Episcopal church yesterday. The institute was held for the purpose of discussing the various problems connected with the Sunday-school work in the diocese. The institute was attended by a large number of Sunday-school workers from the various churches in the diocese. The institute was held in the afternoon and evening. The speakers at the institute were Rev. J. J. Wilkins, dean of St. Paul's church, and Rev. J. J. Wilkins, dean of St. Paul's church. The institute was a great success and the speakers were well received.

THEY RESENT THE INSULT.
Street-car Men Disprove "Express" Story.

The conductors of the Los Angeles Railway are much incensed over an article in last evening's Express making sweeping allegations of theft of the company's fares. No names are mentioned in the objectionable story, it merely charges that "certain fares" should be turned in as part of their daily receipts. Waist Materials

Often these new productions come to us by express—freight is too slow; you may be sure of finding shirt waist materials here as soon as good form approves them. You will find these waist linens in the linen department.

Waist Linens
36-inch bleached butcher's linen, very durable for shirt waists. Price 50c to 60c the yard.
36 to 46-inch white linen waistings in light and heavy weight. 50c to \$1.25 the yard.
36-inch colored linen waistings in pink, green and blue at 60c the yard.
36-inch cambric finish Irish shirting linens; they retain finish when laundered. 50c to \$1.10 the yard.

Flannels
30-inch Scotch waistling flannel, fast colors in plain, striped and checks. 80c to 90c the yard.
We have just received a splendid new line of Albatross Spring and Summer waistings which are priced at 85c the yard. All the new shades are shown, as well as black and white.

Likely you can find among our linen or flannel remnants pieces worth full value to you, whereas they will cost only a fraction of former price.

THE PUBLIC SERVICE IN THE COURTS AND OFFICES.

SUMMARY OF THE DAY.

Yesterday the Council passed a resolution decreasing that in future the Water Commission will be allowed to run the water department without direct or indirect assistance from the Council.

City Attorney Mathews and President Powers successfully cleared away the mystery surrounding the John Doe complaint filed in the suit brought by the Southern Pacific.

Bridge bonds to the amount of \$50,000 will be submitted to voters with the school and sewer bonds.

Officer C. W. Armstrong yesterday filed a demand for hearing before the Board of Police Commissioners.

His charge of frivoltly with females is utterly untrue.

Two Arizona mining men filed a suit in the Superior Court yesterday, making serious charges of fraud against the directors of the Flinn Copper and Townsite Improvement Company.

Over two million shares of the company's capital stock are involved.

Pedro Morales was in the Township Court yesterday on preliminary examination for murder. Cross-examination is disclosing what his defense will be. The examination will conclude tomorrow.

Robert M. Dibble pleaded guilty yesterday and was sentenced to three years in San Quentin for burglary.

AT THE CITY HALL.

COUNCIL VERY CARELESS OF ITS BIRTHRIGHT.

WILL LET WATER COMMISSION SHOULDERS TROUBLE.

Resolution Passed by the City Fathers to the Effect That They Will Keep Hands Off the Municipal Water Department—President Powers Resents Threat.

Be it known that henceforth the Water Commission is in supreme command of the municipal supply of water and that the City Council has full charge of the law department.

These strenuous conclusions were reached by the City Fathers yesterday after a long-continued immersion in the waves of anonymous denials.

With a self-abnegation most unusual in the annals of the City Council, the Solons voted away the privilege of running all departments of the municipality to suit themselves, which is the birthright conferred by the present city charter.

The ebullient left them stranded high and dry where it will be impossible for them to oversee all the boards of control in the future.

Something of the windy and murky nature of the day permeated the session of the Council yesterday. Several members were not in the best of moods. Intersecting strife marred the usual beauteous existence of the "happy family," and President Powers came in for more than his share of the compliments that were freely passed around.

Walker shot out the first blast by demanding to know why the Council had not been informed of the services of a John Doe complaint in the case of the Southern Pacific Railway Company against J. W. N. Bridges. It will be remembered that the railway is seeking to condemn the public market place and that the City Council is endeavoring to prevent the railway from doing so.

The few "pertinent and timely" remarks of Walker started the fireworks.

CITY ATTORNEY ATTACKED.

At the outset the Third Warder asked that the Council resolve into a committee of the whole for the purpose of investigating the case and determining what should be done.

He said that the President of the Council had been served with a complaint and for some reason had neglected to inform the other members of the Council of the fact. He also stated that the City Attorney had been derelict in not informing the Council regarding the suit.

These remarks caused President Powers to blurt out the following with the remark, "I didn't care to precipitate a discussion, but I must answer that."

"Acting under the instructions of the City Attorney," declared President Powers, "I always give subpoenas and legal papers to him, and I never opened or read one of them in my life. The paper referred to was probably served on me about ten days ago, as alleged. I immediately handed it to the City Attorney, unopened, and he acted on it or not as he pleased. I am not so far as I am aware. I have nothing to do with the Southern Pacific company, and have not been connected with them or anyone else, as suspected by the member from the Third Ward."

"I consider it a disgraceful insult to the City Attorney. Do you want to discharge him? Why has he elected Powers to attend to the legal business of the city?"

Walker insisted that he had no intention of usurping the functions of the City Attorney, but that a question of policy was involved. He urged that the Council caucus on the question.

Just then a great flood of surprise almost overwhelmed Councilman Bowen, and he directed the following pertinent remarks to Walker:

"It has surprised and pained me beyond measure that any member of this Council, for the sole purpose of a little petty self-glorification, should make such insinuations against the City Attorney and a member of this Council. That such hollow attempts should be made here to win a little self-praise is even more surprising. Why should petty politics be done in this manner? Why this gallery play? It is nothing else, gentlemen. The same course has been pursued in this case as in others, and there is nothing to justify these groundless insinuations that the City Attorney and a member of this Council are conspiring with the Southern Pacific to barter away the rights of the city."

To make assurance doubly sure, the City Attorney was called in at the request of Bowen.

"Have you been conniving with yourself or any one else in reference to the suit in which the John Doe complaint was filed?" demanded Bowen, still at white heat.

Attorney Mathews stated that his office was short on convicts, and that the suit had been handled in the regular way.

"I noticed that the suit had been filed, and sent a deputy to see if the city was interested," he continued.

When I discovered that the city had not been made a party, I called the attention of Attorney Frank P. Flinn, local counsel for the company, to the fact. He promised to amend the complaint, and I have been waiting several times to find out about it. When the complaint was served on President Powers, he promptly handed it to me.

a demurrer was filed, and we are now preparing an answer in the case. That is all I know about it."

Walker further declared that no demurrer had been entered in the case Saturday noon, when he inspected the papers. Mathews stated that the demurrer had been filed by one of the deputies, he didn't know exactly when.

He explained that the defense of the city would be that the use of the land for a market would be a superior use to that by a railroad.

"You wouldn't make oath to that, would you?" interjected Bowen, and everybody laughed. The pasturing of one poor, half-starved goat in the "public use" for which the city has been paying \$175 a month.

"It seems to me that the Council should be contented to find out where we stand," suggested Walker.

"The Auditor will tell you that," snapped Bowen. "We stand about \$4000 loss on the market."

WOW! WOW!

"The City Attorney's last report should have shown that this suit had been commenced," said Walker, severely.

"I beg your pardon," replied Mathews, "I am the attorney for the city, not the board."

Bowen then gave Walker the benefit of a few more remarks by saying that it wasn't the first time an attempt had been made to do the business of the City Attorney's office, and similar insinuations made. He declared that the City Council should be careful of its birthright, and that he should always lift his voice to decry such actions until the same reason is shown to be something wrong.

"As far as I can see," said Walker, "the railroad is everything that it stands a good chance of getting it. It already has most everything that it should not have, and it is now claiming the City Hall on the ground of peaceful possession."

Walker then proceeded to wrangle the matter was allowed to drop, as the Council persistently refused to caucus.

Hill avenue and a hill of six feet at Figueroa street.

Samuel Haskins, the popular Deputy City Clerk, was back at his post yesterday. He had been absent for a few days on a business trip to New York, Washington and other eastern cities.

A number of quarantine guards yesterday made application to the Council for additional pay on the grounds that they are given a policeman's pay of \$22.33 a month for twelve hours' work, whereas the policemen receive the same wages for eight hours' work.

The Finance Committee will meditate on the problem.

A strong protest was made by M. Maybourn, resident of Highland Park, against the action of a collector of the city who had arbitrarily charged him more than the schedule rate.

President Silver took occasion to condemn the present system, which allows the functions of collector, auditor and examiner to be possessed by the collector, and he instructed the Auditor to see that all adjustments be made at the office and by the proper officials.

Two communications were received from President Powers of the City Council, one being the substance of his message of May 6, submitted by the Mayor to the Council, and the other a comparison between the cost of collecting one dollar in the water department and the same amount through the Tax Collector's office.

The communications were received with a request that no action be taken by the board and the statement that suggestions would be considered.

The board then proceeded to consider the communication, and the Auditor was instructed to see that all adjustments be made at the office and by the proper officials.

elevation at least five feet higher than the present, thereby adding about 25,000,000 cubic feet to its capacity.

Working in all, allowing for six months' evaporation, it would give an available total of 100,000,000 cubic feet. This would give a flow of 3,333,333 cubic feet per day for 300 days, an item which you can readily see would be a valuable addition to the resources of the city.

The board ordered that the question of its right to act in the matter be investigated and a survey be made if the decision proves favorable.

A strong protest was made by M. Maybourn, resident of Highland Park, against the action of a collector of the city who had arbitrarily charged him more than the schedule rate.

President Silver took occasion to condemn the present system, which allows the functions of collector, auditor and examiner to be possessed by the collector, and he instructed the Auditor to see that all adjustments be made at the office and by the proper officials.

"has a reasonable sum for expenses and counsel fees." Their attorneys are Messrs. Leaverville & Neale of San Diego.

When the defendants are given an opportunity to answer the allegations of the above suit, they will enter a vigorous denial of all fraud or fraudulent intentions in the premises.

Dr. C. B. Jones said last night, when informed that such a lawsuit had been filed, that it was perfectly absurd. It was his idea that the plaintiffs were disgruntled at the company's sale of a property, and that Ben was a discharged foreman. He had heard that they were intending to bring such an action, Mr. Botsford is in the East, having left the city last Saturday evening.

MOBILES HINTED AT.

Three deputy sheriffs were on duty in the Township Court yesterday, keeping their eyes on the notorious Pedro Morales, being given a preliminary examination before Justice Klamroth on a charge of murder.

There were numerous spectators to the trial of Morales, who was recently captured in Southern Arizona after being a fugitive for years. In December last, the deputy sheriff, Sheriff Wilson of San Gabriel, who died several days later. The shooting took place one night when Deputy Sheriff Wilson and Constable Albert Smith were at his house to serve a warrant on him for a felony. They went into the room where Morales was sleeping. Morales was in bed asleep. Morales was ordered to dress himself and stand up.

When Wilson stooped over to get the shoes, Morales grabbed a protruding pistol from Wilson's overcoat pocket, and making his escape discharged the weapon.

He has shot me through and through," Wilson, with a bullet in his back.

Smith fired one shot, but before he could fire a second shot, Morales was struggling at the door, but Smith could not stop him.

H. H. Appel, Esq., and Walter J. Morgan, Esq., are now defending Morales.

The first witness examined yesterday was Smith, who was on the witness stand. He testified that the details of the bloody affair were all rehearsed at length.

From the trend of the cross-examination it is inferred that the defense of Morales will be to the effect that it can never be known whether Smith shot Morales, or whether Morales shot Smith. If it was Morales, then he was justified in his bloody deed on the assumption that the officer had made a mistake in entering the house. In effort will be made at the trial to prove that the officers did not approach the house until they were ordered to do so.

It is believed that the officers immediately covered him with guns, without giving him an opportunity to surrender peacefully.

Smith is positive that it was Morales's bullet that carried death to Wilson.

Other witnesses examined yesterday were H. H. Appel, Esq., and Walter J. Morgan, Esq., who were on the witness stand.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

The Test City.

The season will open at the Tent City, Coronado, June 1, when the Santa Fe will put on a \$4 rate.

Hitch Your Horses.

Eight persons were presented before the Police Court yesterday charged with having violated the hitching ordinance. They were fined \$1 each.

No Dust Here.

The Santa Fe has completed oiling the track all the way from Los Angeles to Seligman, Ariz., a distance of 460 miles. There is no trouble over dust on that stretch of rail.

Died an Unknown.

William Winfield Scott died yesterday morning at the Los Angeles hospital after having lain on a cot in that institution unconscious for two days. He was an "unknown."

Charged With Forgery.

John Hood was brought back from San Francisco yesterday by the Chief of Police, and will be prosecuted on a charge of forgery. He is alleged to have cashed a check for \$40 on the Citizens National Bank, which was secured by a man in custody already, and one of them forged the indorsement on the check. He was taken to the County Jail.

In alighting from a car at the corner of First and Los Angeles streets yesterday afternoon, Mrs. Lach, who lives at No. 630 South Hill street, was run down and severely injured by a buggy in which three men were riding. The men saw the woman knocked down, but instead of stopping to assist her, they drove on as rapidly as possible. Their names are unknown.

Lost His Thumb.

August Nothe, who lives at No. 5174 Maple avenue and is employed at Lloyd's Carriage Works, No. 27 Bequa street, applied at the Receiving Hospital yesterday for treatment for a mangled thumb. He had caught his hand in the gearing of the machinery at the carriage works, and it was so badly injured that his thumb had to be amputated.

Wanted for Burglary.

James H. Plunkett was brought from San Bernardino yesterday by Detective Bert Smith to answer a charge of burglary. He was arrested there as he left the doors of the County Jail, where he had just completed a term for vagrancy. He is accused of breaking into the rooms of the Young Men's Society, No. 118 East Third street, on March 26, and stealing a number of articles of value.

Thinks He is Strong.

J. Johnson, a Swedish laborer, was found kneeling on the sidewalk between Third and Fourth streets, for prayer yesterday morning. When Patrolman Rohn took him in charge he stated that he was trying to move the world, and was praying for strength to do so. He was taken to the Receiving Hospital, where a lunacy commission will today pass upon his sanity.

Builders' Exchange Election.

The annual meeting of the Builders' Exchange was held yesterday in the rooms of the organization, Stinson building. Officers were elected for the ensuing year as follows: President, William S. Daubenspeck; first vice-president, J. F. Hall; second vice-president, J. G. Felt; third vice-president, W. A. Wing; treasurer, E. O. Simons. The new board of directors is composed of F. L. Spaulding, F. A. Jay, James Smith, John Spier, John Frankland, T. W. McLeod, C. Specht, K. R. Bradley, J. Hayes and W. E. Thornton, the five last-named being holdovers.

Temperance Meeting.

Mrs. George A. Hilton delivered a temperance address last night at the First Methodist Church, on "A Deadly Evil," which was the first of a series of talks that will be given by the well-known evangelist throughout the week excepting Saturday night. The meetings are under the auspices of the Woman's Christian Temperance Union, and are designed to stir up the conscience of the city on the evil of the liquor traffic, and to hold the ground gained by Francis Murphy and other temperance workers. Mrs. Lacy S. Blanchard, president of the local association, presided, and preliminary remarks were made by Rev. G. A. Booth.

Canadian Minister Talks.

The Methodist ministers were addressed at their weekly meeting, yesterday, by Rev. Dr. William Williamson of Canada, formerly a bishop, but now superannuated. His theme was the "Crucifixion," and owing to the originality of thought, was of great interest and elicited considerable discussion. Dr. Williamson declared that there has been a disposition to magnify the physical side of the crucifixion, and minimize the spiritual side. This is in line with the declaration recently made in this city by the renowned Dr. Pearson, that the resurrection was a much more important event to Christians, and that he did not agree with the idea of making the cross the exclusive symbol of the church.

TWO CHARGES OF FELONY.

Forgery and Grand Larceny Charged Against Joseph P. Silverman, Who Denies One of the Charges.

Joseph P. Silverman, for whom the police have been looking for several weeks, was arrested yesterday and charged with grand larceny and forgery. The larceny alleged is the theft of a bicycle from Charles Frye of No. 117 South Main street, on the night of April 13. The stolen wheel was sold at an East First street second-hand store, the same night, for \$1.50, and the second-hand dealer declares that Silverman sold it to him. This the prisoner denies. It is also alleged that Silverman passed a check for \$4 made payable to J. P. Smith, on S. E. Hisebe of the "400 saloon" at Fourth and Main streets, and that he signed the indorsement of A. M. Cox on the check. The prisoner admits that he forged the indorsement to the check, and got the money, but claims that another man gave him the check and requested that he cash it.

The 300-mile race from Modesto was postponed on account of a sand-storm. The birds are held in Modesto for the first favorable weather, when the club members look for more good records.

I cheerfully recommend Dr. Schiffman's method of painless dentistry. He has extracted teeth for me and replaced them by bridge work, which was absolutely painless and satisfactory in every way.
